

## **Park View Playground Interactive Sidewalk Art** Moundsville, WV

The City of Moundsville Arts & Culture Commission is excited to begin our first project in our “Art Around Town” series. The Commission aims to make public art accessible to children and families by establishing an interactive sidewalk mural at Park View Playground. The mural will consist of two phases.

**Phase 1** is a traditional themed mural in the middle of the sidewalk.

**Phase 2** is a complementary interactive art piece on both sides of the mural.

What’s interactive art? Think a life-sized coloring sheet of designs that encourages children to stretch their creativity by enhancing the existing picture using the free sidewalk chalk located at the park. The Commission’s goal is to incorporate art into play and turn a blank canvas into a colorful, vibrant pathway that can enhance this local playground.
